

“Developing my workforce has helped grow my business”

# Skills to Advance

Make skills work for your business

**“It gave me something of value to offer staff, which helped with retention and recruitment”**

Education and Training Boards (ETBs) can help your business succeed by providing the support you need to develop your workforce through further education and training.

## **Why Skills to Advance?**

Skills to Advance provides the means for you to upskill your staff and make your business more competitive.

## **Skills to Advance will support your business by providing:**

- Accessible training opportunities which fit in around your business and work schedules
- Training relevant to your business needs
- Courses that respond to the changing nature of jobs and skills.

Skills to Advance offers affordable, practical training opportunities customised to a range of industry sectors and SMEs. It helps to upskill and reskill staff to capitalise on emerging opportunities and overcome business challenges.

## Who is Skills to Advance for?
